MINERS' UNION LOOKS FOR STRIKE IN FAYETTE CO.**Efforts to Be Made, Officials Say, to Get Out Non-Union Workmen.****PITTSBURG TO BE CENTER****PITTSBURG.** March 28—Pittsburg and adjacent territory will be the center of the miners' strike, to become effective April 1.

A survey of industries, including mills and railroads, hospitals and charitable institutions, as well as leading mercantile establishments yesterday brought out the fact that the majority of these are depending upon the non-union mines for coal after the stocks laid up have been depleted.

Colonel J. M. Schoonmaker, vice-president of the Pittsburg & Lake Erie Railroad, estimated that there is sufficient coal on the track and on the ground to last the Pittsburg district from two to three months. Thomas A. Dunn, chairman of the transportation committee of the Pittsburg Chamber of Commerce, made a similar statement. Mr. Dunn does not anticipate a fuel shortage of any consequence.

Both the Pennsylvania and Baltimore & Ohio railroads have sufficient coal stocked up in this district to last 30 days, it was said. This represents about the usual reserves these companies maintain. Many of the steel companies—the independents as well as those belonging to the United States Steel Corporation—depend upon non-union mines for their coal supply. Several of them mine their own coal.

The Clairton by-product plant of the United States Steel Corporation consumes approximately 20,000 tons of coal a day, 75 per cent of which comes from the mines of the H. C. Frick Coke Company. The fine coal from this company which cannot be utilized for by-product purposes is consigned to Carnegie steel plants as steam fuel. The Carnegie company, however, buys considerable tonnage of steam coal on the outside market.

The officials of the United Mine Workers of America reiterated yesterday that their firm belief that the miners from Fayette and Armstrong county fields, largely non-union, will join the strike movement April 1. If they do it may seriously cripple the big coke plants and affect the steel corporation mills.

Protestants Express Regret Over Outrages

By Associated Press

DUNDALD. March 28—In response to the notice posted near the town hall yesterday threatening reprisals for Catholics killed in North Ireland a group of Protestants met today and reaffirmed abhorrence of all outrages on Catholics.

The Protestants also expressed regret that any of their fellow townsmen with whom they had lived on good terms should have any doubt of their views.

RICKARD DEFENSE RESTS

Sport Promoter's Case May Be Given to Jury by Night.

By Associated Press

NEW YORK. March 28—Attorneys defending Tax Rickard against a charge that the sports promoter had raped a 15-year-old girl Sarah Schoenfeld rested shortly before noon to day and the court indicated that the case would be given to the jury by night.

Rickard yesterday denied having attacked the girl and that he ever had misconducted himself with her. The stories told about him by Sarah and her 12-year-old chum Nelly Gasko the sports promoter contradicted almost in their entirety.

During a long cross examination he also swore he never had imp relations with women of Alaska or Nevada during the gold rushes.

Mrs. Rickard testified that her husband was dining in their apartment and visit as shortly before sick bed during the hours of the night of November 12, when Sarah and Nelly said he was with them in an apartment.

On that night that Rickard is alleged to have attacked Sarah Other witnesses swore Rickard was at Madison Square Garden after leaving his home that night.

NEWS OF DAY AT SCOTTDALE BRIEFLY TOLD

Demonstrations on Use of Telephone Given by Bell Company.

ROTARIANS AT FLOOD CITY

Special to The Courier.
SCOTTDALE, March 28.—The Bell Telephone Company gave three demonstrations here yesterday on "Sixty Minutes on a Telephone." Two of the demonstrations were given at the high school building in the afternoon and one was given in the evening at the Y. M. C. A. This attracted more than unusual interest. The room at the Y. M. C. A. was crowded to the doors, with a large crowd standing in the hall. The meeting was opened by F. W. Morgan of Greensburg, the district manager, telling of the cost maintenance, and construction of the telephone system.

Slides were shown of Alexander G. Bell, inventor of the telephone, the first telephone how snow storms are taken care of and the station where boys were employed as operators.

W. C. Knights, wire chief of the Greensburg District told of the upkeep of the telephone, how to avoid trouble, etc.

Miss Zita Bell of Connellsville, long distance operator, told how the Scottsdale toll exchange is run from the difference of station to station and person to person calls and also explained the evening rate and night rate where station to station call is used.

Miss Bernice Drout, a local operator, explained the local service and how it is handled.

This was followed by a demonstration of the proper way to use a telephone and of its use in the office on the switchboard. One of the most important parts of the demonstration was that of the recall to the operator when a subscriber does not get the party.

At Rotary Convention.

The Rotary Club held its regular luncheon at the Y. M. C. A. yesterday at noon and laid plans for the district convention that is being held at Johnstown, opening Monday and continuing Tuesday and Wednesday. A number of Rotarians left yesterday afternoon. Others will leave this evening and more expect to go Wednesday morning.

GIRL HAD PAINFUL TIMES

Mothers—Read This Letter and Statement Which Follows

Portland, Indiana.—"I was troubled with irregularity and constipation and would often have to lie down because of Sunday pain. One Sunday my maid was visiting us and she said the doctor had made a丸. Lydia E. Pinkham's Vegetable Compound and got well, so mother said she guessed she would let me try it. It is doing me good and I praise it highly. You are welcome to use this letter as a testimonial." Signed, NEWTON, A. R. S., Portland, Indiana.

Mothers—You should carefully guard your daughter's health. Advise her of the danger which comes from standing round with cold or wet feet, from sitting on the part of your daughter, give her careful attention.

Lydia E. Pinkham's Vegetable Compound is an excellent medicine for your daughter to take, as it is especially adopted to relieve just such symptoms. Remember contains nothing that can injure and can be taken in safety.

Co-operation of Fishermen Keeping Down Fires Sought

Special to The Courier.
HARRISBURG, March 28.—Sportsmen and officers of recreation organizations in Pennsylvania have been asked to help the Department of Forestry keep down forest fires this spring. Commissioner Phinney has sent the following letter to sporting associations:

"One of the most encouraging evidences of progress in forestry in Pennsylvania is the steadily increasing interest of fishermen and hunters in the prevention of forest fires. As a leader of the sportsmen in your community, I know that I can count upon you to continue and even to increase the exceedingly valuable cooperation which the members of your association and other sportsmen have given to the Department of Forestry."

"The sportsmen of the state understand that 'more forests—more game and fish' is a true statement, and the backing of the sportsmen is one of the things this department counts on most."

Last spring in response to my request, fishermen refrained very largely from smoking while moving in the woods. I am asking again for your help in securing one more the same precaution by your members and your friends."

"The spring forest fire season is at hand. It will help greatly if associations and individuals will use the slogan of the department 'Prevent Forest Fires—It Pays' on letterheads, circulars, envelopes and advertising matter. We can stop forest fires if we can make people think about stopping them, but not otherwise."

"With your cooperation this department had in 1921 the best forest protection record in its history. With your help we can do better yet—and we need to do better yet, in spite of everything there were 2,384 fires in Pennsylvania last year."

Silvers were shown of Alexander G. Bell, inventor of the telephone, the first telephone how snow storms are taken care of and the station where boys were employed as operators.

W. C. Knights, wire chief of the Greensburg District told of the upkeep of the telephone, how to avoid trouble, etc.

TUESDAY EVENING, MAR. 28, 1922.

INSPIRING RESPECT FOR THE LAW BY ENFORCING IT.

It is an encouraging sign that in almost all quarters, except, of course, in the ranks of the criminally inclined there is a growing tendency to both show and to demand greater respect for the law. The attitude of the courts and juries is toward a more definite placing of responsibility for the commission of offenses against the law and the imposition of stiffer penalties. Citizens generally are becoming aroused to the dangers in the tendency toward law-breaking, and public sentiment is beginning to become more insistent in its demand that an effective halt be called.

On every hand warnings are being sounded as to the dangers involved in the failure of the people to stand resolutely behind all officers charged with the duty of enforcing the law. In a recent address in Washington President Harding pointed out very clearly the duty of the church in this regard. At the conference of district attorneys of the state held in Harrisburg a few days ago Attorney General Alter delivered a note of warning when he declared that no government can stand without respect for the law.

He pointed out what is a matter of common knowledge in asserting that when prohibition first became effective the people looked upon violations of the law with that good natured tolerance which is characteristic of easy-going America. It is an equally well-known fact that this indifference quickly led to a widespread and open violation, not only of the Volstead Act but of other laws as well.

Recently the public conscience has shown signs of awakening to the threat against the whole system of law enforcement if the violations of the prohibition law are not given effective check. It has become apparent to every thinking person that if we allow one class of law-breakers to go unpunished all other classes of violators become emboldened and crime of all kinds is increased.

This being the present trend of public sentiment the conclusion is being very definitely reached that not only the dry laws but all others must be enforced. With respect to the former a great majority of Americans "are beginning to see in the bootlegging trade," says the Harrisburg Telegraph, "a menace to law and order, and in the bootleggers themselves a class of criminals beside which the old-time dive-keeper was a saint with a halo. They are arrogantly and flagrantly breaking the laws of the land for their own personal profit. They are robbing Uncle Sam to enrich themselves. They are not above selling doped liquor and poison whisky. They are a bad lot and whatever may have been the attitude at first, Mr. Alter is absolutely correct in expressing the belief that the public has turned thumbs-down on the illegal sale of booze."

Friends of law observance cannot stop by decreasing in their own minds that law-breaking must stop, if they hope for any encouraging progress to be made in that direction. They must be persistent and insistent in the creation of such determined public sentiment that the most apathetic and indifferent citizen will be aroused to action.

DANGERS OF SOCIAL DISEASES. Some persons may have objections to the presentation of films showing the dangers of social diseases, but those who witnessed the exhibitions at the Baltimore & Ohio "Y" during the past few days, are not of that number.

What they there saw has convinced them that such exhibitions are helpful to a better understanding of the dangers menacing our youth. The secrecy heretofore thrown about this subject has been harmful instead of awakening the public as it should long ago have been awakened to the necessity for every possible measure being taken to eradicate these diseases.

Arrangements having been made for a later exhibition of these films opportunity will be given other citizens to become informed about a matter which, in the interest of the public health, prevention of serious economic loss, and the promotion of the future happiness of the rising generation, should be so intelligently understood that the efforts being made to check the evil will receive the heartiest cooperation in every quarter.

It is gratifying to the public at large that the Senate has, at least temporarily supplanted the "arguing" habit by the ratifying habit.

While there is regret that John Shurilla, veteran of the World War and inventor of device for detecting the approach of submarines, had to pay the extreme penalty of a death for which he was convicted, the greatest regret will be that a man of his intelligence and capabilities should have yielded to a temptation which he knew beforehand would place his life in jeopardy.

General Trend will be accorded an ovation everywhere along the line of march to his objective of better times. To that extent we are all willing to be regarded as militaristic.

Democrats who aspire to places on the county ticket, but who have not received the blessing of the exclusively Uniontown contingent of the "72 Handpickers," are beginning to threaten in making "unprecedented" announcements.

Somehow, the phrase about painting the lily occurs to us as we read Mr. Bryan's announcement that the scientists can't make a monkey out of him.

THE IMPORTANT TRAIT.

Three traits there were one summer
Who watched the people come and go.
And started in a friendly way
Discussing them, the high and low.
Said Skill: "No one amounts to much
Unless he has my clever touch."

On hearing this, young Strength replied:

"I am the one the people need.
I am the master of the deed,
For who would rise above the throng
Requires a body fit and strong."

"Discuss this question as you will,
But I am the one the people need.
For neither of you, Strength or Skill,
Can get along alone," said Brains.
"Without me both of you must fail.
I am the Master trait of all."

In violent argument the three
Escaped, until there came along
A stranger, wondrous fair to see,
Who stopped to ask them what was wrong.
Said they: "To end this bitter strife,
Tell which of us counts most in life."

The stranger smiled and shook his head:
"Though each of you is fair to view,
Friends accomplish much more.
You three could not succeed alone.
Save I am there the dream falls dead.
For I am Faith," the stranger said.

CASEYS GET GOOD GRIP ON FIRST PLACE BY VICTORY OVER SNYDER FIVE, 37-24

Physical Condition and Lack of Practice Handicap to Losers.

FINAL GAMES TOMORROW

By James M. Driscoll
Sporting Editor

The Casey team, with first place in sight, just night traveled a fast clip and downed the Snyder Five in a "slap-hang" game on the Parochial Hall floor. The final result was 37-24.

The strongest combination of players on the list of the Snyder Club was on the floor but it was not long before the lack of practice and physical condition began to tell. The Caseys were represented by one of the best combinations available and were always in the lead.

Despite the fact that the purple and white outfit held the upper hand throughout the game was very interesting. The Snyders were out to beat the pennant contenders if possible and until the third quarter still had possibilities of going ahead. In that quarter however the champ aggregation opened up in full and for a time scored heavily.

The Snyder defense covering Pritchard and Riley worked well but Henry and Campbell stepped up to take the place of the founders and scored four baskets each.

Three field goals was the total secured by the Snyder Five. Hume was going well on the foul line and had his score been assisted a little by others on the team the result might have been closer.

There is still a possibility of a tie for first place in the league, provided St. Vincent is able to defeat the Unity Fraternity on Wednesday. On the other hand if the First is a victor the wearers of the green and the Fraternal will be tied for second. Trotter may also be a contender for second place by defeating the Legion.

In the first game last night the Baltimore & Ohio Clerks with something like their old team on the floor defeated Captain Glass without much effort. The score was 31-2. Hannigan moved up to a forward for the Clerks and scored three field goals. Moorman was the heavy scorer for Captain getting four goals.

The Casey-Snyder line up:

Casey-37	Snyder-24
Pritchard	Hume
Riley	Hartman
Campbell	Gardner
Buttermore	Wine
Henry	Snell
Field goals-Campbell 3 Henry 1	
Pritchard 2 Hume 2 Riley Wine	
Foul goals-Hume 18 out of 23	
Pritchard 15 out of 18	
Referees-Lewis	

The Clerks-Captain game:

Clerks-34	Captain-22
Hannigan	Dushaw
Fisher	Adams
Robinson	Moorman
Mullen	Gardner
Zimmer	Burkhardt
Substitutions-Lewis for Zimma	
Penn for Mullen	
Field goals-Moorman 4 Hannigan	
& Evans 2 Fisher 2 Mullen 2 Robin	
Foul goals-Hannigan 10 out of 19,	
Moorman 12 out of 24	
Referee-Lewis	

The final City League game will be played at the Parochial Hall Wednesday evening. The first class will be between the American Legion team and the second between the Unity Fraternity and the St. Vincent outfit. By defeating Trotter the Legion can tie that team and if Trotter wins the final standing of the league will not be determined until the final whistle blows in the St. Vincent frat game. The Fraternity can tie with its opponent for second place in case it is able to score a victory.

Regardless of the outcome of the games Wednesday there is certain to be a tie of some kind. It is merely a matter of awaiting until the games are played to determine whether it will be for first or second place.

Scissor Five Defeats Howitzer Co. Reserves

The Scissor Five defeated the Army Reserves last evening on the Assembly floor by the score of 27-11. The Scissor team held the Reserves down to one lone field goal, while they scored nine.

The line-up:

Scissor Five-27	Reserves-11
Sheetz	F. Buttermore
Brown	Cunningham
Tomasca	Schmitz
Jones	Atkins
Way	Witham
Field goals-Jones 4 Tomasca 3	Cunningham
Sheetz-Cunningham	

teen bids all in excess of \$4500.00 were rejected. The plans will be modified to permit cheaper construction, it was stated, but according to John F. Foster superintendent this will not result in altering the size.

Tick Ogleton besides being conceded great as a minor league pit her also has some class as a basket ball coach.

The local golf champion is one who has a long drive, and one who can sink his putts from the long distances on the green.

Rules Committee of City Ball League Makes Its Report

The rules committee of the City Baseball League, Inc., org. nized under the auspices of the Multi-National & Ohio Y. M. C. A., reported last night and approval of the laws was made.

In addition to passing on the 1920 rulings, it was determined to limit membership in the league to 12 teams. The first 12-making application will be accepted and others will be placed on the waiting list. Those on the application list will be taken into the League on April 17 if any who are already signed up fail to keep their contract.

High School basketball season ends Friday night. The last game will be played with Dunbar Township on the local gym door.

The sand lotters are busy organizing their ball clubs.

The Connellsville Independents are sparing no effort to secure first-class players for the local team's season. Coker fans are going to be a team in the hell that will be a pleasure to support.

If Tumble Randolph is with the Detroit club when it comes here on July 6 the entire population of the Young Valley district will go out to see the game. Randolph pitched for the Young Valley Independents in a season.

Although the City League isn't to night there is written to be more time when the re-union is played off. If three teams tie, there will set at least two more first class local games.

Following the City League games is to see the team in the first and second place will stage a series between themselves.

More motorists than ever are asking for "Atlantic Medium"

Atlantic Medium is the motor oil choice of a vast and growing army of motorists and truck owners.

Not only because this oil meets the requirements of practically every type of motor, but because of its extraordinary efficiency range—its thoroughly dependable lubricating and piston-sliding qualities under all sorts of operating conditions.

Atlantic Medium is composed of only those crude-oil hydrocarbons best suited for the work assigned to it.

Atlantic laboratory research, based on twenty-five years of special study of automotive lubrication, has determined what those hydrocarbons are. Atlantic refining engineers have found the way to extract them—to separate them from the elements less capable of resisting the onslaughts of heat, friction and pressure a motor oil encounters.

Atlantic Medium is right. You cannot buy a finer lubricant for your engine. In proof of this, check up—note the quiet smoothness of your motor, its sustained power, its low upkeep. Do that thing, not only after a month or so, but after six or twelve months of regular use of Atlantic Medium. You will marvel at the results!

WILLIAM CONNEWAY, RETired FARMER, IS CALLED BY DEATH

Was Uncle of O. F. Thomas of South Connellsville; Lived at Murkleyburg.

OTHER NEWS OF THE DAY

SOUTH CONNELLSVILLE March 28.—O. F. Thomas received a telegram Sunday afternoon announcing the death Saturday of his uncle, William Conneway of Murkleyburg. The deceased was 70 years of age. Mr. Conneway was very well known around Murkleyburg, having been a farmer there all his life. He was also a member of the Brethren Church of that place all his life. He is survived by his wife, Barbara Conneway, two daughters, Mrs. Emma Glover of Uniontown and Mrs. Mamie Cook of Chicago; also one son, Charles Conneway at home. He is also survived by six grandchildren.

The funeral was held yesterday afternoon.

Not On Team.

George Clawson, whose name appeared with a list of ballplayers who were going to represent South Connellsville in the baseball world, declared that he has no intention of playing on that team.

Back to Rockwood.

W. S. Ringer, who has been transacting business for the past two weeks at this place, will return to his home near Rockwood tomorrow. He will be accompanied by DeWitt DeBolt who will spend a week at Mr. Ringer's home as the guest of Harry Ringer.

Personal Mention.

Miss Sara Clawson of Pine street, who had been confined to her home with illness, was out yesterday for the first time since last Friday. Miss Clawson will have a tonsil operation performed at the end of the week.

Alice Moorman of Hampton street is spending her Easter vacation at her home.

Frank Hild of Pittsburg was visiting his brother, Joseph, at their home on South Pittsburg street over the weekend.

Mrs. E. M. Lincoln and daughter, Lucille, of Somerville are visiting at the home of Mr. and Mrs. F. B. Lincoln of Hyndman street. Mrs. Lincoln was formerly a resident of this place, having to move to the country for her health, but at the present time is planning to move back again as soon as the house is vacated.

THE SOISSON

"JIM THE PENMAN," with Lionel Barrymore, one of America's greatest actors, is the feature picture today at this theatre.

Mr. Barrymore doesn't threaten to foreclose the mortgage on the old homestead unless the girl marries him. He is too subtle a villain for that and also there isn't any old homestead in the play. He gets the girl, playboy the ever pleasing Doris Rankin by exercising his talent for forgery.

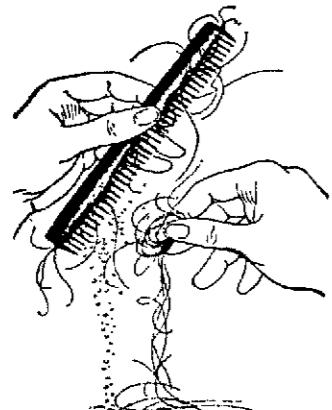

He sends a letter to her lover signed by her that she never wants to see him again. He sends one to her signed by the lover to the effect that the scandal which has been hinted at in her family has made their contemplated marriage impossible. Then he catches the girl on the rebound.

It is melodrama but it is the best entertainment Barrymore has ever offered on the screen. He begins his villainy by forging the girl's name on his dance program so that he can claim more than she has been willing to offer. Then he attempts to save her father by another forgery and gets caught and barters away twenty thousand dollars to a criminal gang to keep from going to jail.

But Barrymore is altogether too human to remain the hardened villain to the end and he rights everything before the final scene. The story is as gripping as any melodrama that

Easter Purses Are \$3.50 to \$5

One cleverly combines pattern leather and straps of suede, \$4.

Another is a rectangular shape with body and strap of suede. Outside there is a patent leather flap which hides a wide and commodious mirror, \$4.

Others are pouch shapes in moire silk and fancy leather. —Main Floor

BLOUSES—For Your Easter Suit—\$5.95 to \$23.75

This is to be a suit year so you may depend upon it that your wardrobe needs one or two blouses—of a shade, of course, to blend with your new Tweed or your tailleur of navy blue.

And Easter blouse colors run the gamut of the rainbow—reds in Henna, Mohawk, Canna; browns in Gotham, Aztec, Bisque and Lark; Fuschia and Belia Donna in the purple; and the ever favored shades of navy, flesh, white, scarlet, yellowstone and jade.

They trim themselves with beads, em-

broidery, laces, tuckings, chenille and braid. Sleeves there are of all descriptions, from elbow length to the peasant sleeve which is gathered tightly at the wrist.

One is a model in henna, with georgette under slip covered by all over lace, \$14.75.

Another is pure white Crepe de Chine with brightly tinted batik embroideries and peasant sleeves, \$14.75.

Bisque contrasts with the new Serpentine green in a good looking blouse, priced \$5.95. —Second Floor.

The New "Rolettes" Mean Comfort

Rolettes are sheer silk stockings and bring it about that you no longer have to roll your own.

They come, knee high, in ribbed silk, with elastic garter of pure rubber and a silk ruffle. Very neat and very comfortable. In beige and grey \$3 pair.

Holeproof Fibre Silk Hose, with ribbed top, in black, white and cordovan, are \$1 pair.

An Easter Corset For \$5

The new silhouette demands that the figure be corseted more below than above the waist. The upper body depends for support upon a corset.

At \$5 we have a topless corset in figured coulisse, with smooth, graceful lines and attached confiner that will be ideal for Easter.

It will bring you untold corset-comfort and satisfaction. Other corsets are \$3 to \$15. —Main Floor

Realize That Easter's Only Three Short Weeks Away?

Easter time is a joyous time only if Mothers and their Daughters are dressed in keeping with its spirit. If the wee ones have been visited satisfactorily by the Easter Bunny. And if Fathers and Sons blossom forth in bright new Easter suits.

THE PARAMOUNT

"THE SCRAPER," with Herbert Rawlinson in the leading role, is being shown today and tonight at this theatre as the principal attraction.

It's the story of a dashing young Irishman right out of college and endowed with a hankering for two things—work and romance. And he has the sunniest sort of a nature. If he's winning, his only boast is, "I had ye there—yes I did!"

When he is being beaten, he doesn't pull a long face and set his chin like that of a bull dog trying to surround the neck of a colt with a two-inch jaw. He grimaces and waits till the clouds roll by with philosophical good nature.

He isn't slow. Oh boy, no! He tries to kiss a girl the first time he meets her, and because she won't do it he relates by marrying her before the finish.

Gertude Olmstead, the prize winning beauty of pictures, is the leading woman opposite Rawlinson. Edward Johnson, William Welsh and Walter Perry are the chief character actors and Fred Kohler and George McDowell, the heavies. Al McQuarrie, Frankie Lee and Hal Craig complete the cast.

Wednesday and Thursday, "Viola" Data in "Home Sweet."

THE ORPHEUM

IT'S NOT ELBOW GREASE BUT SOAP FLAKES THAT TAKE DIRT OUT

Some laundresses wash as if they would rub the very ridges off the washboard—and yet the clothes look grey.

Other laundresses hardly seem to do any rubbing at all—and the clothes come out spotlessly clean and white.

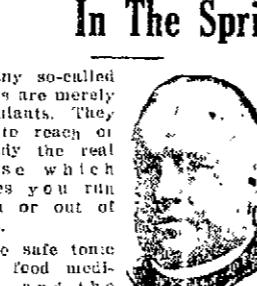

The difference is that the latter use science; and science has taught us that it isn't elbow grease but soap that takes dirt out.

In Rinso, the scientific balance of soap fats with other cleansing materials has been found. Its almost magical suds just soak out the dirt that your muscles used to have to rub away.

When you use Rinso you need do no rubbing except on the particularly soiled places that always do need special attention, and yet your clothes will be as clean as if you had roiled over them in the old back-breaking way.
